Administrative Memo #213 Dean's Roundtable

Revised, July 2017

The Dean's Roundtable is an opportunity for the Dean to directly engage with undergraduate students in an informal setting, learning about their activities and goals. Participation in the Dean's Roundtable is by invitation only and targets the College's Student Clubs and Organizations officers, Ambassadors, Mentored Employment Program protégés, and others at the discretion of the Dean. The Associate Dean responsible for student success facilitates the meetings, while others from the College's leadership team are invited as deemed appropriate.

The Dean's Roundtable meets at the discretion of the Dean, typically once per term, with each term offering the opportunity to a different set of students. The meeting time will be determined as schedules allow; however, they typically occur in October, February, and May.

Approval:

Thomas Maness, Cheryl Ramberg-Ford and Allyn C. Ford Dean
