Major Offered At:

**CORVALLIS**

**ECAMPUS**

**Chemeketa  
Community College**

## Natural Resources Major with Environmental Disaster Mgmt Option

Natural Resources students are passionate about the world around them. They collaborate to preserve and protect the natural world for future generations. NR students completing this option will understand

restoring and conserving healthy ecosystems, managing teams and communicating effectively in emergencies, and understanding the risks and mitigation strategies associated with environmental hazards.

## Your Bachelor's Degree (BS) in Natural Resources

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 135 credits earned at a community college may be applied toward a bachelor's degree at OSU.
- Only courses with letter prefixes and numbers above 100 are accepted.
- More info: [forestry.oregonstate.edu/undergraduate-programs/natural-resources](http://forestry.oregonstate.edu/undergraduate-programs/natural-resources)

## Advising Contacts

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you plan.** It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing. See [visitosu.oregonstate.edu/visit-campus](http://visitosu.oregonstate.edu/visit-campus) to schedule your personalized visit.
