Natural Resources students are passionate about the world around them. They collaborate to preserve and protect the natural world for future generations. Human Dimensions students will develop an understanding of the interconnectedness of human behavior and well-being and natural resources. This includes better understanding the cultural, social, political, and philosophical issues related to NR, and prepares students work with various stakeholders in natural resource management.

Your Bachelor’s Degree (BS) in Natural Resources

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 124 credits earned at a community college may be applied toward a bachelor’s degree at OSU.
- Only courses with letter prefixes and numbers above 100 are accepted.

Advanced Communication:

- Intro to Communication Theory
- Small Group Problem Solving
- Communication in Organizations
- Intercultural Communication
- Non-Verbal Communication
- Communication and Culture in Cyberspace
- Theories of Conflict and Conflict Management
- Bargaining and Negotiating Processes
- Forest as Classroom
- Effective Comm in Fish & Wildlife Sciences
- Critical thinking for NR Challenges
- Environmental Interpretation
- Technical Writing
- Science Writing
- Environmental Writing
- Professional Writing

### Advising Contacts

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you plan.** It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing. See [visitosu.oregonstate.edu/visit-campus](visitosu.oregonstate.edu/visit-campus) to schedule your personalized visit.
